Tour Description

Inani Coral Beach:

(also Enani Beach) is a sea beach in Ukhia Upazila of Cox's Bazar District. It is a very beautiful beach known for its rock and coral boulders. These coral stones take on a green shade during the summer and in the rainy season. The Hills can be seen from one side and sea on the other which makes it really impressive. The view of sunrise and sunset of this beach are very memorable. The blue water and the lines of stones is the main source of attraction for the tourists.

Fig. 2. Waterfall at Himchari in Cox's Bazar

Himchari Waterfall:

This is famous for waterfall, though in the winter season it dwindles but during the rainy season it's really a fabulous and full waterfall can be enjoyed. Himchari is a beautiful picnic spot surrounded by palm trees and bamboos. Himchari is transformed into a colorful and fascinating panorama when the winter sun rises above hilltops and sets in the blue sea. There is only two places that you can enjoy at the park, one is the falls, and another one is the top of the hill.
