

Welcome Message

The Department of Civil Engineering at Chittagong University of Engineering & Technology (CUET) is going to organize the 2nd International Conference on Advances in Civil Engineering (ICACE) during 26 to 28 December 2014. The successful completion of the 1st ICACE 2012 with overwhelming response and excellent status of the program, enthusiasm for 2nd ICACE has certainly been increased. ICACE provides an excellent forum for exchanging information and discussion on a wide variety of civil engineering topics representing the latest development and future trends.

The goal of this conference is to bring together the leading academia, researchers, scholars, professionals and decision makers around the world in various fields of civil engineering to exchange new ideas, share knowledge and explore recent developments.

CUET, a leading Engineering University in Bangladesh, situated at about 25 km away from the Chittagong City, is free from all sorts of pollutions with captive hilly and green landscape. Chittagong, the largest port city of the country, has several tourist attractions for sightseeing, including Potenga Sea-beach, Foy's Lake, War Cemetery (2nd World War), Kapati Lake, Old Railway station, etc. around the city. We look forward to meeting you at CUET in the ICACE-2014

Conference Theme

The conference participants are encouraged to submit papers over the full range of Civil Engineering discipline including but not limited to the following areas:

- Structural and Earthquake Engineering
- Geotechnical Engineering
- Transportation Engineering
- Water Resources Engineering
- Environmental Engineering
- Sustainable Engineering and Management

Submission of Abstract

Prior to submit the full paper an abstract (MS Word file) submission following the prescribed template is essential. The abstract should clearly state objective, methodology, key results and conclusions within 500 words. Keywords should be limited to 4-7. The abstract needs to be sent as an e-mail attachment to the conference secretariat (icaccuet@yahoo.com)

Submission of Full Paper

Upon acceptance of abstracts, authors need to submit the full paper along with extended abstract following prescribed templates. Each paper will go through a peer review process by the technical committee.

Conference Proceedings

All accepted papers will be included in the conference proceedings in a CD-ROM format (with ISSN). A book of extended abstract (including key note lectures) will be published in paper format.

Conference Venue
