## International Journal of Integrated Sciences & Technology

### CONTENTS

#### Section-A: Physics

1. M. A. E. Akhter and M. M. Alam 1-8  
*Simulation of the Tropical Cyclone Aila using Numerical Models*
2. M. A. Mannan, M. A. M. Chowdhury and S. Karmakar 9-26  
*Study of Heavy Rainfall over northwestern part of Bangladesh and its prediction using NWP Technique*
3. R. Khatun, M. M. Ahasan, S. Akter, M. F. Uddin, A. N. Monika and A. K. M. Atique Ullah 27-31  
*Study of Soil around Goalundo Upazilla by Proton Induced X-ray Emission (PIXE) Technique*
4. M. K. Basher, M. R. H. Khan, M. A. R. Akand, M. R. Hasan, M. Hoq, R. A. Mamun 32-37  
*Design and Simulation of a Low Loss Single Mode Optical Fiber*
5. A. Bagum, M. B. Hossen and F.-U.-Z. Chowdhury 38-44  
*Effect of Sintering Temperature on the Structural, Magnetic and Impedance Spectroscopy of CoCuZn Ferrites Synthesized From Nanocrystalline Powder*

#### Section-B: Chemistry

1. R. K. Sutradhar, R. Karim and R. Khatun 45-47  
*Isolation and Structure Elucidation of Alkaloid From Sida acuta*

#### Section-C: Mathematics

1. N. Nahar and S. Dhar 48-52  
*Theoretical Analysis of Non-Relativistic First Order Born Approximation for Ionization of H(2P) by Electron Impact*
2. S. Hossain, U. K. Deb and K. A. Rahman 53-57  
*Numerical Simulation of The Heat Transfer Phenomenon for a Fluid in a Circular Tube without Insert and with Insert.*
