Call for Participations

We would like to invite you to participate at **1st National Workshop on Big Data and Machine Learning (BDML 2020)** on December 09-10, 2020 to be held at CUET, Bangladesh. Big Data and Machine Learning are two important components of 4.0 Industrial Revolution. To the best of our knowledge, there is no workshop in Bangladesh considering these two important components of 4.0 IR. Considering this scenario, we are going to organize BDML 2020 on December 09-10, 2020 at CUET. The workshop will be entirely virtual and the participants do not need to visit physically to the venue.

This workshop is a part of our research project on **Acquisition and Analysis of Speeches to Identify Suspicious Contents** supported by **'Establishment of IT Business Incubator at CUET'** project. IEEE Computer Society Bangladesh Chapter will be the technical co-sponsor of this workshop. All the information about BDML 2020 will be available at our website <https://speechanalyst.com/about/>

There primary focus of ideas related but not limited to **Machine Learning and Data Science**.
